

ANTI-SPAM POLICY

What is spam?

In the context of electronic messaging, spam refers to unsolicited, bulk or indiscriminate messages, typically sent for a commercial purpose.

BADENHORST ATTORNEYS have a zero-tolerance spam policy.

Automated spam filtering

BADENHORST ATTORNEYS' messaging systems automatically scan all incoming email and social media messages, and filter-out messages that appear to be spam.

Problems with spam filtering

No message filtering system is 100% accurate, and from time to time legitimate messages will be filtered-out by BADENHORST ATTORNEYS' systems.

If you believe this has happened to a message you have sent, please advise the message recipient by another means.

You can reduce the risk of a message being caught by the spam filters by sending the message in plain text (i.e. not HTML format), removing any attachments, and ensuring that your messages are scanned for malware before dispatching.

User spam

BADENHORST ATTORNEYS provides a facility that enables users to send email messages / private messages to others. Users may not use this facility to send unsolicited, bulk or indiscriminate messages, whether or not for commercial purposes.
